

Friday 24 January 2020

Good afternoon

I am pleased to attach the first of a series of planned updates for parents and carers about the work of our school. We have undertaken a lot of high level improvement work in a short space of time. Our first update is about learning and teaching, and we will follow next week with information about our wider curriculum and opportunities.

Rescheduled parents' evening

You may remember that our second parents' evening last term was cut short by a power cut. Many classes have already rescheduled appointments, but I am pleased to offer Thursday 30 January as an alternative evening, however if this is not convenient teachers are happy to agree other dates and times for individual parents. Please complete and return the attached form to book an appointment.

School roll

Our roll has surged since September to I think the highest it has ever been, just short of our capacity of 630 pupils. I would like to extend a very warm welcome to new families, some of which are relocating from some distance and others transferring from other local primary schools. It is great to have everyone with us.

Catering

In line with both comments above, I would like to invite all interested and available parents into school at any point between 3.15pm - 5.15pm next Thursday to meet our new catering partners, Cucina. Parents are invited to hear from and speak to school and Cucina staff, and to sample a number of foods and dishes. Currently, our catering staff continue to be employed directly by us, but we are working towards a partnership with Cucina to drive investment in our kitchen and in school lunches, breakfast club and after-school club. We are keen to take this opportunity to open dialogue with parents. Our use of the kitchen at PTA and other events will not be affected.

With best wishes for the weekend  
Scott Opstad

Parent/Teacher Consultations

Please write the teacher(s) name(s) against the time you prefer.

Thursday 30 January 2020
